

LIKO-Safe ZONE

FOR A SAFE AND HEALTHY WORKING SPACE

PROTECTION NO. 1 PRIORITY

Since 1992 we are producing and installing glass partition walls, movable walls, and acoustic solutions. Thanks to our research and **contact with customers worldwide**, we continuously improve our products and develop new solutions. Now we are bringing you the **complete way of protection**, which will become the standard of common public areas.

Do you need to prepare your offices for **the return of your colleagues from home-office**? Do you want to protect your **first line employees** or to remake your workplace to improve **hygiene and security**? We have developed a low-cost and simple system of partition walls which provide greater security than the standard acrylic glass shields. You can have our new system in only two weeks in your office or workshop either in glass (see-through version) or solid variant. The installation is easy and won't restrict your operation. Furthermore, install it yourself with our video guide, but in the case of necessity, our installation teams are at your disposal.

LIKO-Safe ZONE | Reception and offices

Micra I | Glass protection

Business receptions are a place of increased movement of people and belong to the most endangered places within the office environment. Protect your employees on the front line for years by the proven **single-glazed partition Micra I**. Glass does not optically disturb the open space and, thanks to its **hygienic properties**, ensure the protection of your employees.

Divide your open-space office with the Micra I partition that achieve a newly established office with **acoustic comfort, privacy, and security**. Your employees will appreciate it!

Micra Covid | Economic solution

Separate employees or **divide office space** – quickly, efficiently, and without operation restrictions. It is an economical solution for any space. The technical solution is based on the simple Micra I partition system, where the glass is primarily replaced by laminated chipboard. **Combination of solid and glazed wall panels.**

We will design and install a **tailor-made solution** precisely according to your requirements.

DIVIDE THE OPEN OFFICE!

Our partitions protect you from direct contact with other people.

FAST AND LOW-COST SOLUTION

Reception and offices

Reception and offices

LIK0-Safe ZONE | Reception and offices

LIKO-Safe ZONE | Shops

PROTECT YOUR EMPLOYEES AND CUSTOMERS

Five solutions for your first-line team in the shops

Micra I | Glass protection

Improve the protection of your employees in shops by long-term experienced single-glazed partitions Micra I. Glass doesn't optically disturb the open space, and thanks to its **hygienical characteristics**, it ensures the protection of your employees.

Choose from our **wide offer of possible solutions**. Without any built structure changes, fast and dustproof installation without limitation of daily work.

Micra Covid | Economical Solution

Separate your employees and customers or divide the room – fast, effective, and without any limitations of daily operation. It is an **economical solution** for each room. The technical execution comes from our simple partitions Micra I, there might be laminated chipboard instead of glass. **Full and glazed panels in walls.**

We design and install all solution for you according to your needs and requirements.

LIKO-Safe ZONE | Pharmacies

VARIOUS OPTIONS OF DESIGN AND IRONMONGERY:

- Clear glass
- Glass with vinyls (large selection of vinyls for glass and ironmongery)
- Laminated glass (LIKO-Glass)
- Dimmable glass (PDLC)
- Laminated chipboard with antibacterial finish

WE KNOW HOW TO PROTECT FRONT LINE EMPLOYEES

The investment you will appreciate not only in pandemic times

Micra I | Installed partition walls

- Quick and clean installation (without dust)
- Minimal disruption of production
- Priced attractively
- Easy maintenance and disinfection of surfaces

Pharmacies and medical facilities belong in the present times Pharmacies and medical facilities belong, in the present times, to one of the most hazardous workplaces where employees are facing the daily risk of infection. Help your pharmacists to resist the attack of a broad spectrum of infection. Enable them to be on the front lines for as long as possible.

Serving windows and vestibules for the dispensing of medication

Choose from the broad selection of solutions. Thanks to the **window**, it is possible to dispense standard medications. We can also incorporate a **sliding window** or **mini door** for the dispensing of larger packages. Without the necessity of significant construction, the assembly is quick, dust-free, and won't restrict your operation.

We design and Install all solution for you precisely according to your needs and requirements.

LIKO-Safe ZONE | Pharmacies

PERMANENT SOLUTION

Effective solution not only for pandemic time

SPECIAL FOR PHARMACIES

Dispensing windows and doorway for the dispensing in of medication
